PRICE THREE CENTS

THINK SHIPPING FUTURE BRIGHT

National Merchant Marine Association Urges Maintenance of Service Despite Difficulties

OPTIMISM IS RIFE

Desire to Discourage Any Shipping War With Great Britain Is Generally Manifested

Washington, Jan. 21.—Formulation of a policy for the development and maintenance of an American merchant marine "in spite of all difficulties" brought to a close today the second annual convention of the National Merchant Marine Association. The delegates also voted to send to congress and the nation a message expressing optimism over the future of American shipping.

An ardent desire prevailed in the closing hours to discourage any shipping war with Great Britain, or any other foreign nation, and although no official commitment was made, three speakers declared in favor of "friendly co-operation" between the United States and foreign shipping interests, asserting that a trade war would result disastrously.

Eight resolutions embodying the association's policy were unanimously adopted. These proposed immediate and faithful enforcement of the merchant marine act of 1920.

CONSIDERS PERSONNEL

Pining of the shipping board personnel on a "permanent basis" to promote a constructive administrative policy, extension of government aid to American shippers to the end that their vessels "may operate in competition with foreign ships in the same trades." Establishment of a new mail, passenger and cargo route so that private capital may eventually gain control, displacing government ownership. Cession by the shipping board of the practice of allocating vessels to services already established so that private companies may have a chance to develop.

Creation of an equitable plan of relief for American shippers engaged in competitive trades with foreign vessels through reduction of the shipping board's prices for its ships.

Permanent enrollment of competent officers and men of the merchant marine and naval reserve maintenance of the Great Lakes naval training station.

The convention in its message to congress and the nation deplored pessimism and destructive criticism and urged "a spirit of constructive co-operation, and a firm determination to achieve in spite of all difficulties, our national purpose of developing and maintaining an American merchant marine for the national defense and for the proper growth of our foreign and domestic commerce."

JONES' CHARGES FAIL

An echo of the charges against British shipping interests made yesterday by Senator Wesley F. Jones of Washington, was heard today, but nothing more audible transpired to substantiate and renew them. Elliott H. Goodwin, vice president of the Chamber of Commerce of the United States, entered a vigorous denial of the senator's statement that the chamber and its magazine, The Nation's Business, had in any way aided British shipping interests in the United States.

"I wish in the strongest language at my command to repudiate the statement and deny it," Mr. Goodwin told the convention.

The statement made by T. A. S. Franklin, president of the International Merchant Marine company, that secretary of the Interior, Payne, when chairman of the shipping board, approved an agreement between his company and the British admiralty, drew a denial today from Mr. Payne. The interior secretary wrote Senator Jones, who brought up the argument, that he could not "imagine what Mr. Franklin means by saying that I approve such an agreement."

"As a matter of fact," Mr. Payne added, "I never heard that such an agreement existed."

Senator Joseph Ransdell of Louisiana was unanimously re-elected president of the association. J. Parker Kirtin of New York was one of the vice presidents elected.

OPPOSE MEAT REGULATION

Gronna Bill Before Senate Draws Fire Being Characterized as "Unwarranted Interference"

Washington, Jan. 21.—Proposed government regulation of the meat packers and allied industries drew fire in the senate today from two senators, Sherman of Illinois and Fernald of Maine, both Republicans. The two senators opposed the pending Gronna regulatory bill as an unwarranted interference with a particular private industry, a principle which, they said, might be extended injuriously to other lines of business.

Opposition of both senators to the measure, which will be voted on next Monday, also included attacks upon the federal trade commission, which has supported the legislation.

OWEGO FOUNDRY BURNS

Binghamton, Jan. 21.—Fire tonight destroyed the foundry building of the Owego Foundry company, Owego, entailing a loss of \$25,000.

NOMINATION ISSUE CONCERNS LEADERS

Confirmation of 20,000 Recommendations by President Wilson Is Pending in Congress

Washington, Jan. 21.—Dipping their brushes into the probability that the Republican majority in the senate would refuse to confirm most of the 20,000 nominations made by President Wilson, some administration officials painted today a picture of a creaking government machine floundering along for a time after March 4 with a lot of important cogs missing.

Failure of the Republican senators at a secret conference today to reach any decision as to the nominations, set the canvas. Republican leaders were not inclined to take the picture seriously, however.

The question of the nominations occupied much of the time of the Republican conference. The official announcement said no decision was reached, but some of those attending the meeting said privately that there had been a "tacit agreement for the Republican members of committees to take the nominations coming under their jurisdiction, study conditions in the executive departments and then determine whether failure to keep the Democratic appointees in office after March 4 would result in any embarrassment of these departments.

A young regiment of officials now in Washington are holding office by virtue of recess appointments. Should the senate fail to act on their nominations before this congress quits on March 3, it is explained that they will automatically be out of jobs under the law.

GRAPE TRADE FARES BETTER THAN EVER

Prices Have Jumped From \$25 a Ton to \$125 Since Prohibition Became Effective

Washington, Jan. 21.—Grape growers of New York state who imagined they were just three jumps ahead of the poor house when the country went dry, now find themselves in clover, according to Professor A. T. Atchison, Washington representative of the National grape.

This was brought out by the professor while trying to explain to the house banking committee today, that people don't always get the right slant on legislation.

HARDING NEARING FLORIDA

President-Elect Will Enjoy Absolute Rest for Two Weeks Before Taking Up Pressing Problems

On board President-Elect Harding's train, Jan. 21.—President-Elect Harding put his care out of mind tonight as he neared Florida and told his companions on his vacation jaunt that he proposed to forget entirely for the next two weeks the most important decisions that are ahead of him.

Except for a short time during the afternoon when he worked on correspondence that had been crowded out in the final preparations before leaving Marion, he rested and reported himself as an ordinary tourist during his day's trip southward across Kentucky and Tennessee. His private car, attached to a regular passenger train, attracted unusual attention at only one or two stations along the way.

FLOAT BELGIAN LOAN

New York, Jan. 21.—Formal announcement of the \$30,000,000 Kingdom of Belgium 20-year, eight percent external loan was made today by J. P. Morgan and company and the Guaranty Trust company, acting as managers of a banking syndicate which negotiated the loan and which will offer the bond through a country-wide subscription in which the leading financial institutions will participate.

FIND LOST RADIUM

Philadelphia, Jan. 21.—Two radium needles, valued at \$24,000, were found today in rubbish at the medical arts building here. They had been missing since Wednesday when they were inadvertently swept from a table in an operating room.

PLEADED MILLER SUPPORT

Jamestown, Jan. 21.—The Chautauque county board of supervisors, of which Assemblyman Joseph Maginnis, the new ways and means chairman, is the Republican leader, today adopted a resolution pledging its support to the retrenchment policy of Governor Miller.

AGAINST CAPITAL PUNISHMENT

Lincoln, Neb., Jan. 21.—The Nebraska state senate by a vote of 20 to 7, today refused to abolish capital punishment "at this time because of the present national crime wave."

RECTOR ADMITS ROBBING MAILS

Minister Leads Postal Inspectors to One of His Garages, Where They Recover \$75,000

BURNED SECURITIES

Negotiable Paper Valued at \$27,000 Was Destroyed Confessed "Robber" Declares

Mt. Vernon, Ill., Jan. 21.—Guy Kyle, former rector of the three Free Methodist churches of Mt. Vernon, arrested today in connection with the theft here last Friday of 31 packages of registered mail containing \$185,000 in cash, confessed tonight he was implicated in the robbery, post office inspectors announced.

The inspectors said Kyle accompanied them to one of his garages, where they located \$75,000 more of the stolen money, bringing the total amount recovered to about \$185,000.

Kyle also implicated several others in the theft, according to the inspectors, who declined to go into the details of his confession.

No additional arrests have yet been made, it was said.

Kyle's alleged confession followed a lengthy examination by inspectors Hitchcock, Ryder and Gould. He previously denied all knowledge of the crime, asserting the money was placed on his property without his knowledge.

Suspicion was said to be directed against the former rector this morning, when Loren Williamson, Kyle's partner in the garage business, informed the inspectors that Kyle had been displaying large amounts of money in the last week.

Postoffice inspectors expressed the belief that the \$27,000 in negotiable securities, which also were stolen had been burned to destroy possible clues.

The Rev. Mr. Kyle is about 45 years old and came here seven years ago from Keyesport, Ill. He was rector of the Free Methodist church for three years and for four years has been in the garage business.

According to post office Inspector R. W. Hitchcock, Kyle said that \$27,000 in negotiable securities which the packages contained had been burned. The inspectors had expressed the belief that this action had been taken to destroy possible clues. The securities included \$25,000 in commercial paper.

Hitchcock said the inspectors tonight were counting the money that had been recovered and that it amounted to about \$185,000. There remains a thousand dollars or less to be accounted for, in the opinion of the inspectors.

Henry Allen, a dairyman, told the postal inspectors he had hauled a number of boxes from Kyle's garage in which \$75,000 was found to the Kyle home last Thursday and that Kyle had paid him \$2 for the work.

A partly-burned postal registry card was found in the same garage. The recovered money was sent to the federal reserve bank at St. Louis today.

ATTORNEY COMMITS SUICIDE

W. M. Coleman of New York Jumps From Eleventh Floor of Washington Hotel

Washington, Jan. 21.—W. M. Coleman of New York, general counsel for the Hudson and Manhattan railroad company, committed suicide here today by jumping from the eleventh story of a hotel on Pennsylvania avenue.

Mr. Coleman left a note in his room at the hotel, willing all his property to his wife. Hotel attaches said there was nothing in the note to explain why he desired to end his life. He was 50 years old and came here today from New York.

WIFE FLIES WITH AVIATOR

Buffalo, Jan. 21.—Captain Gail Hamilton, a Canadian aviator, flying with his wife from Toronto to Oberlin, O., was forced by weather conditions to make a landing just outside of Buffalo last night. Customs officials made an investigation today and found that Captain Hamilton had papers authorizing him to fly the machine across the border.

Captain Hamilton denied reports that he was taking his honeymoon trip in the airplane. He said that he was on his way to deliver the machine to a buyer in Oberlin. He had been married for three years and his wife has accompanied him on several similar trips, he said.

WOMAN SEEKS CHAPLAINCY

Washington, Jan. 21.—Rev. Clara Morgan of Perry, N. Y., seeks to become the first woman chaplain of the house of representatives, succeeding Rev. Henry M. Couden, resigned. Her candidacy was put forward today by Representative Sanders of New York, in whose district she now has a church.

AGED CONVICT FREED

Ossining, Jan. 21.—William J. Springsteel of Pleasantville, N. Y., left Sing Sing today after serving 17 years of a 20-year sentence for killing his brother. He was released on a conditional pardon signed by Governor Smith before the latter ended his term.

LEWIS THROWS DAVIS COURT

Rochester, Jan. 21.—Ed. "Strangler" Lewis successfully defended the heavyweight wrestling championship here tonight by throwing Dick Davis out of Texas in an hour and 23 minutes.

ROCKEFELLER MILLION BOOSTS FEEDING FUND

New York, Jan. 21.—John D. Rockefeller Jr., son of the Standard Oil magnate, has contributed \$1,000,000 to the relief of starving European children. This announcement was made tonight by Herbert Hoover at the conclusion of a dinner given to Mr. Rockefeller's bible class.

THINKS TIME RIPE FOR DISARMAMENT

Henry White, Former Ambassador to France, Would Have American Initiate Movement

Washington, Jan. 21.—Another of the American commissioners who helped draft the treaty of Versailles, Henry White, ambassador to France under President Roosevelt, told the house naval committee today that the time was ripe for world disarmament and that the United States should initiate the movement.

General Pershing's views will be sought next Tuesday.

Mr. White gave it as his opinion that the great burden of taxation resulting from the World war made the peoples of all nations anxious to cut down on expenditures for armament. He expressed it that the world was "crying for some agreement" to limit armaments as a means of reducing taxes.

Discussing the proposed "naval holiday," the former ambassador said he did not think the United States should stop the naval construction it now has under way. He said he would like to see the United States at the top when the disarmament discussion begins and suggested that the relative sizes of navies could be fixed by agreement at the proposed conference. He added that questions raised at the conference might show "the right of some nations, Great Britain for instance, to a larger navy than others."

FAMILY LOSES ALL IN REPRISAL FIRE

Military Force in Cork Deny Father of Eight Children Opportunity to Save Anything

Cork, Ireland, Jan. 21.—Head Constable Larkin and Sergeant Moxon, while bicycling five miles from Cork today, ran into an ambush. Moxon was shot dead, but Larkin escaped injury.

An Englishman named Humphreys, who with his wife and eight children, lived over a shop destroyed by the military yesterday, said today that he was not allowed to remove anything, not even wearing apparel, before the building was exploded. He declared this was in contradiction to the statement made by officials that time would be given for removal of effects.

Humphreys stated that his wife joined him in a plea for time to save a piano, which was a gift of his daughter, but which was ignored. The owner of the shop said he appealed vainly to the officer in charge in behalf of Humphreys, explaining he was a Londoner and not connected with Irish politics.

Dublin, Jan. 21.—After the ambush at Glenwood Thursday, armed forces invaded the village of Six Mile Cross, the 490 inhabitants of which were lying awake fearing reprisals. Four homes of leading shop keepers were burned or demolished. Likewise great destruction was wrought on some farms in the neighborhood.

INDIANS ARE GOING WILD OVER MODERN JAZZ MUSIC

Philadelphia, Jan. 21.—Modern jazz music and dancing are making the Indian wild again. The roll of the snare drum and the wall of the saxophone combined with the title of the "shimmy" stir atavistic memories of the tom tom and the shriek of the victim at the stake.

So asserted Dr. Henry Beets of Grand Rapids, Mich., secretary of missions of the Christian reform church, in an address here today before a session of the Friends of the Indian.

PAID "STRIKE INSURANCE"

New York, Jan. 21.—Hugh Robertson, president of a building corporation, testifying today at the trial of Robert E. Brindell, president of the Building Trades council, charged with extortion, described payments of \$22,000 to the labor leader for "strike insurance." Robertson declared he left various payments for Brindell beneath the seat of an automobile in which they rode.

BEWARE THAT HOME BREW

Chicago, Jan. 21.—The landlord of any tenant convicted of making home brew will be fined \$1,000. District Attorney Clyne announced today. The fine, Mr. Clyne explained, should really be placed against the amateur brewer, but since many of them are unable to pay and have not sufficient property to attach, the fine will be levied upon the landlord.

FORD RUMOR UNVERIFIED

Detroit, Mich., Jan. 21.—Officials of the Ford Motor company this afternoon would neither confirm nor deny a report from New York that the corporation was negotiating a loan of upward of \$50,000,000. In the absence of Henry Ford, they said they could not discuss the financial affairs of the company.

ARREST TUBERCULOUS BOARD

Belfast, Jan. 21.—The clerk of the Tuberculous board of guardians and all the members of the board who could be found today have been placed in the Sligo jail. The charges against them were not disclosed, but it is reported that the board in making up its budget recently provided for the upkeep of the Irish volunteer police.

DAVIS REFUTES CABRERA RUMOR

Reported Maltreatment of Former President of Guatemala Is Without Foundation, Says Secretary

IS WELL QUARTERED

Cabrera's Home Meanwhile Has Been Looted of Property Worth Many Thousands of Dollars

Washington, Jan. 21.—Reports that former President Cabrera of Guatemala is being "maltreated" by the present Guatemalan authorities are "unfounded" declared a report from Acting Secretary Davis of the state department, transmitted to the senate today by President Wilson. The department confirmed, however, statements that Cabrera was in prison and that since his confinement his home had been looted of property estimated at from one to several hundreds of thousands of dollars.

The president's message transmitting the report was in response to a recent resolution by Senator Moses of New Hampshire, a member of the foreign relations committee. In answer to its inquiry regarding reports that Cabrera was confined in the Guatemalan city jail, not the military academy, as it was agreed he should be, the report said, President Herrera had placed his predecessor in the jail because he could be more safely guarded there.

"The department of state," the report said, "on several occasions has expressed to the government of Guatemala its concern by reason of rumors which had reached it alleging maltreatment of Senor Cabrera by the authorities. There would appear to be no truth in reports that the ex-president is being maltreated."

The American charge at Guatemala city visited Cabrera December 28 and found him in a spacious room, "the ventilation of which is provided by a door, a skylight and a very small window," it continued. "The charge was informed that a good sized window was put in the room and the floor was being boarded."

Thirteen of Cabrera's former soldiers who were imprisoned were killed by a mob after his abdication, the report stated.

FEARS BAD EFFECT FROM CALDER BILL

Destruction of Export Coal Trade Would be "Absolute and Complete," It Is Argued

Washington, Jan. 21.—Destruction of the export coal trade of the United States "absolute and complete" would result from enactment of the Calder coal regulation bill, Ralph Crews, counsel for the Consolidated Coal company, one of the larger producers of bituminous, asserted today at hearings on the measure before the senate manufacturers' committee.

American producers, Mr. Crews said, could not guarantee deliveries in competition with British mines, if, as the bill proposes, authority were given the president and the federal trade commission to declare an emergency in the industry in times of peace and divert coal shipments to meet it. He cited a contract for 750,000 tons of coal to be delivered abroad, which his company, he said, held up pending decision on the bill.

George H. Cushing, managing director of the American Wholesale Coal association, asked the committee for "three weeks" delay in consideration of the bill in order that its proposals might be digested by the trade he represented.

"That would mean no chance of enactment at this session, that's all," Senator Kenyon, Republican, Iowa, remarked.

INDIANS ARE GOING WILD OVER MODERN JAZZ MUSIC

Philadelphia, Jan. 21.—Modern jazz music and dancing are making the Indian wild again. The roll of the snare drum and the wall of the saxophone combined with the title of the "shimmy" stir atavistic memories of the tom tom and the shriek of the victim at the stake.

So asserted Dr. Henry Beets of Grand Rapids, Mich., secretary of missions of the Christian reform church, in an address here today before a session of the Friends of the Indian.

SINN FEIN "SUCCESSSES"

London, Jan. 21.—"During the first 15 days of this year," says a bulletin just issued by the Sinn Fein, "the armed forces of the English government has achieved the following successes: Fourteen civilians murdered, including four prisoners, two children and one woman; 22 wounded, including seven women; 33 towns shot up; 46 houses and 11 shops wholly or partially destroyed, seven men tortured or flogged and one cremery, one factory and two public halls destroyed."

NEW YORK IS SECOND IN NEWSPAPER FIELD

District of Columbia Leads, Printing More Papers For Its Size Than Any Other State

Montreal, Jan. 21.—Only one copy of a daily newspaper, printed in the state of Massachusetts, is distributed for every 35 residents in the state, while there is a single copy available for every two persons in Massachusetts. This was pointed out here tonight by R. S. Kellogg, secretary of the Newspaper Service bureau, at the annual meeting of the organization, an international association of paper manufacturers.

Mr. Kellogg, who is also chairman of the National Forestry Program committee, in which the paper manufacturers are represented as asking for national legislation for protection of the forests, submitted an abstract of newspaper consumption from the standpoint of newspaper circulation and its bearing upon newspaper consumption.

The District of Columbia, he declared, prints more papers for its size than any state. New York state is second to Massachusetts in the number of papers printed in proportion to the residents, while Missouri and California are tied for third.

MONTREAL TO FEED ITS JOBLESS HORDE

Free Meals, Day or Night, Are Promised Unemployed, But Disasters Are Tabooed

Montreal, Jan. 21.—The city tonight served notice on its unemployed that free meals would be served them at any hour of day or night, but that disorders would be sternly suppressed.

This notice was issued after several rallies had been made on restaurants by ex-service men who dispersed in one case, without disorder, after food had been served them and melted away on the sight of a heavy police guard around another establishment.

Police leaders who during the day held reserves in readiness for any emergency, then closed the headquarters of the ex-service Men's Unemployment association, which this afternoon had announced the raids had been authorized. Paraders were also searched for weapons, but no arrests were made.

Decision of the city to serve free food followed refusal of many unemployed to accept snow shoveling jobs placed at their disposal. Their leaders contended they were being offered "starvation" wages and attempted to persuade their followers to throw down their shovels.

They were only partially successful. Radicals drifting here from other cities were blamed by the city's administration for today's demonstration.

POLICE SURPRISE PARTY BUSY PREPARING AMBUSH

Dublin, Ireland, Jan. 21.—Information was obtained by the police this morning that an ambush was being prepared at the Polka river bridge on the Drumcondra tram line, two miles from the center of the city. The police surprised the party and fired on the men, wounding one of them and capturing six others.

It is reported from Thurles that police barracks at Holy Cross, Chevriles and Roskeen were attacked during the night. All roads leading to those places have been trampled and blocked by trees. The attacking parties were repulsed in each instance.

PAID "STRIKE INSURANCE"

New York, Jan. 21.—Hugh Robertson, president of a building corporation, testifying today at the trial of Robert E. Brindell, president of the Building Trades council, charged with extortion, described payments of \$22,000 to the labor leader for "strike insurance." Robertson declared he left various payments for Brindell beneath the seat of an automobile in which they rode.

BEWARE THAT HOME BREW

Chicago, Jan. 21.—The landlord of any tenant convicted of making home brew will be fined \$1,000. District Attorney Clyne announced today. The fine, Mr. Clyne explained, should really be placed against the amateur brewer, but since many of them are unable to pay and have not sufficient property to attach, the fine will be levied upon the landlord.

FORD RUMOR UNVERIFIED

Detroit, Mich., Jan. 21.—Officials of the Ford Motor company this afternoon would neither confirm nor deny a report from New York that the corporation was negotiating a loan of upward of \$50,000,000. In the absence of Henry Ford, they said they could not discuss the financial affairs of the company.

ARREST TUBERCULOUS BOARD

Belfast, Jan. 21.—The clerk of the Tuberculous board of guardians and all the members of the board who could be found today have been placed in the Sligo jail. The charges against them were not disclosed, but it is reported that the board in making up its budget recently provided for the upkeep of the Irish volunteer police.

FEARS RESULTS OF TAX LEVIES

Governor Miller Declares Power Already Has Reached an Extent Almost of Destruction

NOW GREAT PROBLEM

Restoration of Proper Equilibrium Between Citizen and His Government Is Vital

New York, Jan. 21.—The power of taxation in this country now is being exercised to an extent almost of destruction, Governor Miller told the bar association of the state of New York at its annual meeting here today. The governor spoke on "Pressing Problems of Government." The great problem of government today, he said, is to restore the proper relations and equilibrium between local, state and federal administrations and to restore the true relationship which ought to exist between the citizen and his government.

Another of the great problems, he added, was the high cost of government, which he attributed to extravagance and the disposition to indulge in luxuries, both public and private. That problem, he explained, was one of economy and economic laws are already tending to solve it.

"Due to the variety of causes," the governor continued, "there has been going on for many years a steadily increasing tendency to centralize power and authority by the diversion of it—first from all localities to the state and second from the states to the federal government."

The governor explained there has been a disposition on the part of localities to relieve themselves of the burdens of expense by shifting to the state and the state in turn does likewise by shifting it to the federal government.

The curious thing about this shifting, he said, is that the expense comes right back to the locality and the individual taxpayers and is much greater than if the work were done where it ought to be done in the first instance.

"And so the expenses have been pyramided," the governor added, "expenses have gone up as our needs grew and we have been building up huge administrative agencies until we have reached a situation in this country where if it were not for the power of taxation all of our governmental agencies would be bankrupt and we are only solvent because the power of tax is the power to destroy and the power of taxation is actually being exercised now to an extent almost to destruction."

A resolution which was adopted urged the enactment of legislation to make it lawful for foreign lawyers to establish offices in this city for giving advice on foreign law and lawyers from other states for giving advice regarding the laws of their respective states.

ARREST SEAMAN FOR BURGLARY

Enlisted at Twelve and Served Aboard Submarine Chaser, Making Two Trips to France

New York, Jan. 21.—Clyde Williams, 15, was held for investigation by police here today after he had told them a strange tale of having enlisted in the navy when he was 12 years old and of serving aboard submarine chaser No. 129, making two trips to France. The lad said he ran away from home in a small village near Detroit and managed to get into the navy April 1, 1919. He was discharged when his age was learned.

A month later in New Orleans, he said, he paid a man \$1.50 to be his guardian and had no trouble in re-enlisting under an assumed name. His identity was discovered, however, and he made his way to New York, where he said he had been working about the docks.

He was arrested with two men charged for alleged burglary.

COMING TOURNAMENT PLANS TO DEVELOP POLO PLAYERS

New York, Jan. 21.—With the purpose of developing players for future international matches, the Indoor Polo association has scheduled an initiation tournament to be played in this city February 18, 22 and 25.

Mounted polo teams from Harvard, Yale, Pennsylvania, West Point, Princeton and Cornell, where the game has been adopted as minor sport, have been invited to compete. Junior and senior teams from the clubs composing the Indoor Polo association will also take part in the tournament.

NEW SWIMMING RECORD

New Haven, Conn., Jan. 21.—A world's record for the 250-yard swimming relay race was established by the Yale swimming team in a special event held in connection with the dual meet with Princeton here tonight. The time was two minutes, six seconds. The previous record was two minutes, ten and two-fifths seconds, made by the New York A. C. team in 1915.

SERIOUS FRACTURE OF LEG.

J. C. MacNaught Sustains Injuries at
Goodyear Lake Yesterday.

J. C. MacNaught, foreman of the Oneonta ice company, sustained a serious fracture of the right leg while at work at Goodyear lake yesterday afternoon about 1:30 o'clock. He was brought in an automobile to his home, 2 Railroad avenue, and was attended by Dr. Mills, who reduced the fracture.

The elevator had been stopped because of an ice clog on the field, and MacNaught, supposing the trouble to be with the elevator chains, stepped on to it to make an adjustment. The operator, not knowing he was on the elevator, started the machine after the ice had been unclogged. MacNaught's right leg was caught between the elevator and elevator rail. Although it was a bad fracture, the attending surgeon hoped that it will not be necessary to amputate the leg.

Born at Milford.

NORMAL BOYS WIN AGAIN.

Overwhelms Academy Street Team to the Sad Tune of 32-11.

The boys' varsity basketball team of the Normal triumphed up a High school grade team on the Normal court last night by a score of 32 to 11. This makes the third Academy street team that has fallen before the Normal boys, who are now confident that they can handle bigger timber, and have arranged for a game on February 11 with the second team of the High school proper.

Glenn, the Normal star forward, did most of the basket work last night, shooting six field and seven foul goals. Daley and Riley were also good point-getters. The Academy street lads seemed unable to cope with their opponents, and the boys on the hill had things practically their own way. At the end of the first half, the score stood 16 to 6 in favor of the Normal, and at the end, 32 to 11. The box score:

Normal Boys.

Attended Bakers' Convention.

Horace B. Nye has returned from New York city, where he attended the State Wholesale Bakers' convention. The convention was held at Hotel McAlpin on Tuesday and Wednesday and he secured many helpful suggestions. While in the city he visited the Ward bakery plant and gained there also some ideas which will be of service at the Nye bakery here.

CREDIT SITUATION INSPIRES BANKERS

Reflection of Their Optimism,
However, Is Not Seen in Money
Markets Where Rates Stiffen

New York, Jan. 21. — From the outset of the session business on the stock exchange today was marked by an absence of the recent operations of bull pools in popular issues, together with numerous inconspicuous specialties, registered declines of two to five and one-half points.

There were a few isolated exceptions, relative firmness being displayed by several of the motors, oils, shipplings and food issues, but the day as a whole pointed to an accession of conservatism in professional quarters. Final dealings, when such stocks as steels, equipments and oils were under special pressure, resulted in a number of severe losses.

Bankers continued to express confidence in the immediate future of the credit situation, but this failed of reflection in the money market, where rates for demand on time accommodations were again inclined to stiffen.

Advices affecting the domestic industrial situation dealt principally with announcements of further wage reductions, a coal strike in Pennsylvania, suspension of coal shipments from Kentucky fields and moderate revival of activity in the shoe trade.

The bond market was firm in the main on the smallest turnover of any recent period. Liberty issues closed at variable advances after moderate reactions and other domestic and foreign flotations were disposed to improve. On call bid prices of old United States two and four were one and two points lower, respectively.

New York Produce.

Minor Auto Collision.

George Frear of Unadilla reported at police headquarters that he came into collision with Dr. Hendrick at the corner of Otsego and Main streets shortly before noon Thursday. Mr. Frear was proceeding east along Main, and struck the rear of Dr. Hendrick's car when it came out of Otsego street. A rear wheel of the doctor's car was broken, and a front fender and head light of Mr. Frear's machine considerably damaged. The collision resulted from a misunderstanding as to had the right of way; in this instance, Dr. Hendrick had the right of way.

Slight Fire Wednesday.

Wednesday morning the fire department was called by telephone to the home of Carl Horne, at the corner of Church street and Reynolds avenue. A fire had started in the chimney and had burned to the second floor of the house. By use of the chemicals the fire was soon extinguished. It is estimated that the loss will be about \$200. The chimney was reported to be very poorly constructed.

House on Chestnut street for sale; will show 15 percent investment. Inquire of Robert Thayer. Phone 533-J.

TOOK PHYSIC EVERY NIGHT

Then She Heard of "FRUIT-A-TIVES"
and Learned How to Constipate

MRS. JOHN CAPOZZI

Ashford, New York.
"I feel it my duty to tell you what 'Fruit-a-tives' or Fruit Liver Tablets did for me."

I tried several kinds of physic for over three years; and, of course while I took it every night my bowels would move; but as soon as I stopped taking physic I would be constipated and would have Piles terribly.

I heard of 'Fruit-a-tives' and bought one box and took them. Now I am not troubled any more with Constipation and no more Piles. 'Fruit-a-tives' did for me what no other medicine ever did; they left no after effects, and now I do not have to use physic.

I recommend 'Fruit-a-tives' to all my friends.

Mrs. JOHN CAPOZZI.
50c. a box, 6 for \$2.50, total sale 25c. At dealers or from FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

Y. M. C. A. BOWLING

State League Team Drops Behind a Little in Thursday's Games—Other Scores of the Week.

The members of the state league bowling team at the Oneonta Y. M. C. A. did not make their usual good showing Thursday night, dropping 107 pins behind their total of the previous roll-off. Lambros was the high man last night, with McKean second. Local "X" fans are in hopes that the results will not bring Oneonta down in the state list.

Secretary Lange received this week the somewhat delayed official tabulations of the fifth series, which revealed that Oneonta had risen from sixteenth to fifteenth place in the state column. An especially good showing was made by the local bowlers in this series, and it is hoped that the seventh series will be a repetition of it.

The total pinnage in Thursday night's games was 2,613, which brings the tournament total to date to 15,759. The scores were:

Lambros	216	156	211	613
Graves	133	195	164	492
Beckstedt	160	171	150	481
McKean	151	178	200	529
Shaw	163	180	155	498

Totals 823 910 890—2613

Local Tournament Nears End.

The opening tournament of the winter comes to a close this week, and preparations are being made for the second tournament, for which nine medals have been secured and will be awarded the bowlers who make the best showing.

On Tuesday night, the D. & H. Accountants took two out of three games from the Southpaws by good scores and missed winning the other game by five pins. The scores:

ACCOUNTANTS—			
Skinner	160	141	197—498
Miller	138	136	135—409
VanDeBurg	141	141	141—423
McClellan	156	156	156—468
Thomas	169	157	187—513

Totals 762 731 817—2310

SOUTHPAWS—

Emerick	158	169	205—532
Sackett	120	150	144—414
Quackenbush	189	150	133—472
Bump	123	123	123—369
Bolton	124	154	154—432

Totals 724 736 739—2199

When hosts of people, who consider quality first, prefer an article of food, its superiority must be recognized. Many discriminating housekeepers buy Juniata Brand Margarine in spite of its low price.

Eventually you will come to us with your battery trouble. Why not now? Oneonta Battery and Tire company.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—
—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a malarial action, carrying off the waste and poisonous matter in one's system. If you have a pale face, suffer from dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit.

LITTLE LOCAL COMMENTS.

There has as yet been little reason to comment on the condition of local streets and sidewalks, so little snow has there been; and when there has been either snow or rain there has been no great degree of cold. Still, it is not amiss to say that when winter really comes in, as doubtless sometime it will, it will be the thing to have a snow shovel ready. There's nothing so productive of neighborliness as keeping the walks clean.

Just for comparison, also, it may be stated that on the 22nd of January, 1897, the minimum temperature was 47 degrees; in 1900 it was the same; in 1905 it was 28 degrees; in 1910 it was 30 degrees; in 1915 it was 39 degrees; and in 1920 it was 24. If the reader consults the scale on his thermometer today he will get some idea of comparative January weather for more than a quarter of a century.

The work which the firemen of Oneonta did on Wednesday evening at the Main street fire cannot be too highly commended. Encased in water-soaked and in many instances frozen garments, they worked heroically and in the face of difficulties almost insuperable, succeeded in containing the flames within limits which at first were believed impossible. Not until the last ember was quenched did any fireman slacken his efforts. Oneonta is proud of them, and it has every right to be.

And in the same connection Oneonta is grateful to the firemen of Sidney for the prompt assistance which they rendered in response to the request of our officials. It was only 37 minutes after the start from Sidney was made, that the engine, with 21 men of the company, was on Main street, Oneonta, ready for business. "It was a chance," says the Record of this week, "to return Oneonta the compliment for the aid at the Sidney Novelty works fire, and it was done with right good will." One of the men with the truck, commenting in like vein in Oneonta, said, "Oneonta did us a mighty good turn at our big fire; and though we are sorry that we had to be called for such a purpose, we were right glad to pay it back, since there was need of it." Despite the long and cold ride, the Sidney men were ready for the job as soon as they arrived, and they worked like veterans. Our city will not soon forget the excellent work they did.

The Oneonta Public Library, though it is opened every Sunday for the accommodation of those who desire to use its books and magazines for reading purposes, has not received as large a patronage as was hoped when the trustees voted for the Sunday afternoon opening. For the last two days of rest there has, it is true, been a considerably increased attendance, but it is hoped that many more will recognize its advantages. Whoever is looking for a comfortable place to spend the afternoon, with plenty of the best literature and the current magazines and newspapers at hand, will do well to visit the library. Though it has not been largely patronized by the young women of the city, it offers unusual advantages to them. Many have no other place, particularly at this season of the year, where they can spend the time more pleasantly and profitably; and certainly there is none where they will be more welcome.

The magnificent response which has been made by citizens of Oneonta, and from towns in Otsego and Delaware counties, to the appeal for the starving children of Europe should by no means go unrecognized. Over \$11,000 already has been received and acknowledged through The Star office, and instead of falling off the daily contributions since Wednesday have only been exceeded by those of the day of the big drive. The is still need for every dollar which can be spared, and it is hoped that those who have not already responded will do so. Oneonta and the surrounding country, it is confidently believed, are in the lead when population and comparative wealth are taken into account, and the figures above by no means indicate the extent of the gift. Many towns and individuals have sent in their offerings directly, and if these were added several thousands could go to swell the aggregate.

Miss Short at T. B. Conference.
Miss Nina V. Short, executive secretary of the Otsego County Tuberculosis committee, will attend a meeting of the State Committee on Tuberculosis and Public Health, to be held this afternoon in the Biltmore hotel, New York city. Hon. Charles Smith, Otsego county's representative on this committee, was unable to attend and named Miss Short to take his place. The object of the meeting is to formulate and discuss practical plans for tuberculosis work during 1921. A splendid program has been arranged, and some of the ablest health workers in the state will speak, among them Dr. Herman M. Black, Homer Folkes, George F. Canfield and Dr. Charles Haffield.

FINANCING THE CHAMBER

Executive Committee in Fourth Article Clearly Explains How Commerce Body Is to Be Maintained.

Putting a Chamber of Commerce on a sound financial basis and keeping it there is so essential a portion of an expansion plan that members of the executive committee of the campaign of the Chamber said yesterday they were pleased with the opportunity to make the statement below.

It is the answer to the fourth of the five questions they have met in connection with the membership drive. The other questions are as to why Oneonta should have a Chamber of Commerce, what it will do and who will run it. The fifth, why the expanded chamber is likely to be permanent, will be answered Monday.

How will the Oneonta Chamber of Commerce be financed?

By membership dues of \$25 a year, pledged for three years. This is the method which has been adopted and is being followed by all of the successful Chambers of Commerce in America. It is a perfectly sound financial plan, combining all the good features of previous methods and eliminating their bad ones. In former times some Chambers of Commerce experimented with graduated dues, charging the big corporations sometimes \$200 and letting in the small storekeeper for \$2.

The want of wisdom in this method is apparent. The few corporations which contributed the bulk of the chamber's income naturally dominated its affairs. The members who contributed little to the income gave little to the chamber, either of time or interest, they just kept in the background if they did not actually keep away from the chamber.

Another often-tried and now discarded plan was that of uniform dues of \$5 or \$10 fixed at this low rate on the theory that more members would join. In Otsego, with dues of \$1 a year, the Chamber of Commerce was able to secure about 160 members. The dues were raised to \$25 and within six months the membership had increased to more than 600 interested, active men and women, and in a year they had done some things the city had been wanting to do for ten years.

If the Oneonta Chamber of Commerce is to do the things the citizens want done, it must have an adequate income. Memberships at \$25 each will provide the least amount it should have, for rent, light, heat, printing, stationery, expenses of committees, clerical and stenographic help, and the salaries of its secretary and bureau managers, its only paid officials.

There are eligible to membership in the Oneonta Chamber of Commerce a considerable number of concerns and some individuals whose interests in and responsibility to the community are so large that they should give more to the support of the Chamber of Commerce than the individual of small means.

For these, the plural membership is offered, as many subscriptions as they please.

To guard against the charge that such a subscription offers the temptation to dominate, the plan provides that such a subscriber shall have one vote only, or he may assign outright all the memberships except one to the young men and women in the concern or to such other individuals as may be selected.

This brings into the Chamber of Commerce, with full membership, rights and privileges, groups of younger business men, who in a few years will be heads of departments, partners or even owners, gaining their interest at once in the city's problems and its future, and insuring the presence of active working members when the present industrial and commercial leaders shall have retired.

In short, the defense if it needs one, of the \$25 membership dues plan is in the fact that it has proved itself repeatedly to be the best plan yet devised for financing a Chamber of Commerce.

With the Rebekahs.

Members of Royal Rebekah lodge had one of the most enjoyable meetings of the season at Old Fellows' hall Wednesday night, when an extensive program was carried out following the regular business meeting. The first fun-maker was "Getting Rid of the Book Arent," a sketch put on by several ladies of the lodge. This was followed by a duet given by Mr. and Mrs. Garr. Rogers. "Entertaining the Minister," the second sketch of the evening, proved as good as the first and kept the large audience of lodge members rocking with laughter. Following the program, a collection for the benefit of the starving children of Europe was taken and netted the tidy sum of \$25, which will save nearly four children from starvation this winter. Delicious refreshments brought to a close one of the most successful meetings ever held by the lodge, and all these who were present will hope for many such happy occasions.

Music for the evening was furnished by Canfield's orchestra.

No Arrest in Strongman Case.

The rumor current in Oneonta and vicinity on Thursday evening and in Otsego yesterday, to the effect that an arrest had been made in connection with the Saratoga murder case, is entirely unfounded. The report was derived yesterday by District Attorney O'Connor of Hobart, but despite the local mangled version to the contrary.

A stitch in time saves nine—one dollar for battery charging may save thirty dollars for a new battery. Oneonta Battery and Tire company, 24 Broad street.

Some folks are difficult to please, out even the most particular enjoy Elwa tea.

Preaches in Lutheran Church Jan. 20.

Rev. C. W. Leitzell, D. D., pastor of the First Lutheran church of Albany, and president of the Synod of New York, will preach in the Oneonta Lutheran church on Sunday morning, January 20. Dr. Leitzell comes to dedicate the improvements recently made to the local church.

Lecture at the Plains.

"The Six O'clock Whistle Around the World," a lecture on industrial missions, illustrated with 75 beautiful, color-colored slides, will be given in the Oneonta Plains Methodist church on Sunday evening at 7:30. Some interesting and important facts regarding the industrial situation in various countries will be presented.

Osego coffee is the "fatted calf" of modern days. Any prodigal would speed his return in anticipation of enjoying the delicious goodness. In spite of its goodness, it costs no more, 12¢.

Get rid of that unsightly rash with Resinol

A pure, healing ointment containing a gentle medication that acts quickly and directly on sick skins, usually being the irritated spots, and restoring skin health and attractiveness.

Don't give up when Resinol Ointment and Resinol Cream can be obtained so easily from any druggist.

THE PARENTI

"Tomorrow's Car Today"

Will Be In Oneonta All Next Week

The Parenti car will be here to demonstrate it's wonderful riding qualities and strength, and substantiate all claims made for it. In this connection remember the following facts. They are really the vital features of the car.

Do You Know-- That this Parenti car, without axles or frame, is the lightest car of its size (123 inch wheelbase) and is still the easiest riding car in America? Its riding quality has never before been attained in the history of the automobile industry.

Do You Know-- That it is the most economical car in driving and up-keep costs on the market? We say this unqualifiedly and make no exceptions.

Do You Know-- That these features, a big car, a comfortable car, a car of highest quality and low up-keep costs are what the public has always wanted, and has always demanded, but has hitherto been unable to get? Consider this well in connection with the future of the Parenti Motors Corporation.

Do You Know-- That the progress of this company, under the leadership of Mr. J. S. Parenti, has never been paralleled in the automobile industry?

Do You Know-- That a new factory, representing an investment of nearly three-quarters of a million dollars and which is bought and paid for, is now in operation in Buffalo, turning out cars? This plant, with a production of 5,000 cars this year has been found too small to supply the demand for Parenti cars, and plans are being completed to enlarge it as soon as possible.

Do You Know-- That this year's output (5,000 cars) was contracted for in less than three months?

Do You Know-- That the Parenti Motors Corporation is a company of over 7,000 shareholders today, and these are being increased at the rate of over 700 per month? Bear in mind that this is a factor which assures safety and solidity in any enterprise.

Do You Know-- That the Parenti has been designed with one idea in mind, large production and fewer assembly operations, which spells profit in its manufacture and sale?

Consider these Statements. They are facts based on truth and can be taken as the basis upon which we present the Parenti Investment.

You will never again be offered a better investment opportunity than Parenti Motors at \$10.00 a share.

LOCAL MENTION.

—Rev. Dr. Charles S. Pendleton is suffering from a severe cold and will be unable to occupy his pulpit tomorrow. Rev. S. H. Wood of this city will preach in the morning and there will be no evening service.

—The Oneonta Ice company has during the past two days cut a large amount of ice, which is reported to be about 16 inches thick. Owing to the change of weather it is believed that it will be impossible to continue the cutting for the present.

ECHOES OF THE FIRE.

Temporary Roof Will Be Constructed Pending Permanent Repairs.

Gildersleeve, the druggist, opened for business yesterday at his old location, caring for prescriptions and with the water on the floors above cared for so that the dripping has practically ceased and with work already commenced putting a temporary roof on that building, he hopes to be able to continue business at the same stand, with perhaps no necessity of moving while the permanent rebuilding of the structure is in progress.

—Rote & Rote have replaced the stock in their store and will open for business at noon today.

Attorney Henry D. McLaury, a victim of the recent fire, will care for his legal practice at his residence, 17 Spring street, for the present. His phone number is 377-W.

—With the insurance companies getting on the job and the owners already making plans for rebuilding, the situation is not as serious as it was at first viewed. Meanwhile, the investigation by the authorities is progressing, though with nothing tangible discovered as to the actual cause of the outbreak, which certainly developed with remarkable rapidity.

Meetings Today.

Regular meeting Oneonta council, No. 233, United Commercial Travelers, this afternoon at 2 o'clock, in Odd Fellows' hall.

The Junior Missionary society of the United Presbyterian church will meet with Mrs. Coughney at her home at 25 Central avenue this afternoon at 2:30. All the children are urged to be present.

The Burroughs club will meet this evening at 7:30 at the home of Mrs. A. L. Kellogg.

Woman's Club.

At the Woman's club on Tuesday evening, Jan. 25, Miss Lena Freeborn and Miss Elsie Augustin will discuss various phases of Interior Decoration, illustrating the different topics with lantern slides. Miss Freeborn will contrast good and bad design in household furnishings and arrangement, Miss Augustin presenting some of the better examples of American furniture.

The Mountain People of the South.
Dr. Russell will give an illustrated lecture Sunday evening in the Sunday school auditorium at 7:30 on the white people of the southern mountains. These people have been called our contemporary "ancestors" side-tracked in the Allegheny mountains. They are a most interesting people and form a very fascinating study. Everybody welcome.

A Request.

Fire Chief Choate requests all those having rubber coats and boots belonging to the Oneonta Fire Department, to return same to the fire department as soon as possible.

For Sale.

Eighteen-foot steel motor boat and boat house at Goodyear lake; 150 gal. steel gasoline tank; several 60 gallon oil tanks with pumps; one horsepower motor, General Electric, new; two-cylinder air compressor burners; 20-gallon air tank with fixtures; quantity of shop tools and accessories; auto ton jack; your choice of two Grant 6 cars, roadster and five-passenger, run less than 7,000 miles; choice of two pianos, one upright and one square at \$25.00; quantity of household goods; typewriter; choice two double barreled shot guns; one-half barrel Blavoline oil; 15 standard black Blavoline pens. Dr. J. P. Elliott.

At Laskaris' luncheonette. Lunches served every day. Prices reasonable. Cleanliness, our motto. Sandwiches, salads, pie, cake, coffee. A satisfactory lunch for the busy one. Pies and cakes baked in our own sanitary ovens. Public welcome at all times to step into the kitchen and see for themselves the cleanliness and cleanliness of this department. Try it out for your lunch today. Laskaris' corner Main and Dietz streets. 1c

POOR WAY TO MAKE PEACE

BY PREPARING FOR WAR, DR. MOLDENHAWER TELLS PRESBYTERIAN MEN'S CLUB.

Nearly 200 Representative Citizens Hear Sound Sense from Lips of Noted Albany Clergyman at Annual Banquet Last Night—Concert by Church Quartet and Address by David C. Adie—Other Features of Evening.

We cannot make peace by preparing for war, said Rev. Dr. J. V. Moldenhawer, pastor of the Westminster Presbyterian church of Albany in addressing the Men's club of the First Presbyterian church at the twelfth annual banquet held last night. Taking for his topic "The World and Its Future," Dr. Moldenhawer deplored present class discussions among both nations and individuals, and declared that only through the brotherhood of man could the ills of the world be remedied.

Opening his talk with bits of reminiscences relative to his early days in the ministry, his first charge being in Delaware county, and paying a tribute of regard to Rev. Dr. J. C. Russell, Dr. Moldenhawer plunged into an earnest consideration of the problems facing the world today. He said that the people of the country were divided into two classes—those who believe civilization is steadily declining and are pessimistic over the outlook; and those who think that we are always on an upward plane, the always-cheerful optimists. The speaker asserted his attitude was between the two, likening civilization to a mountain, with its hills and valleys; sometimes we are progressing upward and at other times we fall back, but always we are slowly advancing.

He reminded his hearers that following the Civil War there was a "valley," when the war's object was accomplished at the sacrifice of good feeling among the states and there was a period of depression. Conditions were much the same at present, Dr. Moldenhawer added, and it is necessary to bind the nations of the world together in common ties of good fellowship if we are all to prosper. Although not referring directly to disarmament, he made it plain to his audience that he felt the time was ripe for such a movement.

Peace in industry, he said, also could not be accomplished by preparing for war, and he deplored the feeling that at present exists between capital and labor. Only by employer and employee coming together on a common ground, each with some regard for the other's attitude, could the desired industrial peace be brought about, the pastor added. Dr. Moldenhawer closed his address with a plea for universal Christian fellowship as a means of bringing about world-wide peace and contentment, and gave it as his opinion that this was the only cure for the present state of disorder.

Dr. Moldenhawer's address was characterized throughout by an earnestness and oratorical power that impressed the men, and he truly left them with a message that they could think about. Dr. Moldenhawer has been in Oneonta on previous occasions and each succeeding visit brings him new friends. All the men who heard him last night will welcome his return to this city at a future date, which they hope will not be far off.

About 175 men, members of the congregation and their friends, were present at the banquet. Promptly at 6:30 o'clock, the men marched into the dining hall, which was attractively decorated with evergreen and crepe paper, and sat down to tables that covered all available space. The menu was of the usual excellent quality and quantity and was served in an efficient manner by the ladies of the church. Soup, chicken, mashed potatoes, squash, ice cream and cake, and coffee were the principal items on the menu, which fully satisfied the "inner man."

Following the dinner, a brief concert was rendered by the church quartet, composed of E. B. Perry, tenor and director; Miss Josephine Lauren, soprano; Mrs. Charles Collins, alto, and A. C. Lange, bass. Old-time favorites were given to the evident enjoyment of all the men, and Miss Lauren and Mrs. Collins gave well-received solos. Mrs. David Mills presided at the piano.

The speaker of the evening was preceded by David C. Adie, director of the Oneonta Chamber of Commerce reorganization campaign, who gave a short talk on "Civic Pride," emphasizing the duty that every man owes to his community. Alva Seybolt, esq., president of the Men's club, presided over the evening's program, and gave a brief introductory talk in which he referred to the growth of the club since its inception, and thanked the ladies for what they have done in making the annual banquets such a success. Chorus singing was indulged in during the evening. Chamber of Commerce song sheets being used, and the gathering came to a close with "America."

More D. & H. Men Worked.

In referring to the D. & H. force of fire fighters at work on the fire of Wednesday night last, the number was incorrectly given. The total number of the D. & H. firemen on the job assisting the city force was 26 and not 12 as stated. They certainly rendered valuable aid which was much appreciated.

Lutheran Bake Sale This Afternoon.

The bake sale of the ladies of the Lutheran church will be held this afternoon at C. C. Miller's store, 22 Chestnut street.

Pianos Tuned.

John H. Dikin from New York is now in town. Special attention given to player pianos. The best families of Oneonta among my patrons. Address or telephone Windsor hotel. 1c

THEY SAVE 71 CHILDREN

SEVERAL SIZEABLE DONATIONS TO FEEDING FUND CARRIES FUND ABOVE \$11,000.

Edmonton Red Cross Sends Second Donation With Pittsfield Making Large Contribution—Normal School Makes Generous Additions to Its Contributions.

Yesterday was one of the big days of the Child Feeding Fund, the total receipts at this office being \$714.29, making it the third largest since the effort locally was started. Included in this sum were several sizeable contributions indicating that the interest in the unfortunate children is keen.

The largest contribution came from the 10 South branch, American Red Cross, which sent \$138.54 and along with it came a second donation from the Edmonton Red Cross of \$60, while numerous individual contributions gives Edmonton a prominent place in the day's report.

The faculty of the Oneonta State Normal school evinced its generosity by adding \$141 to its previous large contribution, while the primary department of the school adds \$50, which must bring the total amount contributed there well above \$500. The Academy street school sent late the previous day \$57.15, which was not included until yesterday.

The Schenectady Red Cross added another \$50 while the Lena Grange did well for its membership in sending \$25. The individual gifts averaged well, one family sending \$50 and several \$10 each, the latter sum caring for one of the waifs for the winter.

The list for the day follows:

Academy Street school	\$57.15
G. E. White sr., West Oneonta	2.00
Mrs. M. E. Coons	2.00

C OF C DRIVE BEGINS MONDAY

Plans Perfected Yesterday—American Legion Takes First Membership—Many Women Interested—Goal of 400 Believed to Be Assured.

At the final meeting of teams in Municipal hall yesterday afternoon, arrangements were completed preparatory to the actual drive for memberships in the reorganized Chamber of Commerce, which begins Monday morning, January 24. Campaign Director Adie gave the members of the teams detailed instructions as to the plan to be followed, after which the prospect cards and instruction pamphlets were distributed to the men. Col. Bruges made it clear that he expected every man to make it a point to be present at the first luncheon meeting in Ward's cafeteria in the Oneonta hotel at 12:15 on Monday, when the first reports will be turned in.

A distinct spirit of optimism prevails everywhere, not only among the men who are so generously giving their time to canvass for memberships, but also among the citizens generally. It is clearly recognized by all thinking men and women of the city that the time has come when Oneonta must take this definite step in civic and business progress if she is to maintain her standing and prestige among the progressive cities of state and nation. The encouraging letters received from many of Oneonta's sister cities who have taken this step has added not a little to the general feeling of optimism. It is expected that there will be a good representation of women in the new membership that is about to be built up. In many cities women are taking a very active part in Chamber of Commerce affairs especially in matters of recreation, playgrounds, Americanization, etc. Not a few organizations have already voted to take a membership for the organization assigning it to one of the officers for active representation in the chamber.

The first organization to do this was the Oneonta post of the American Legion, a fine evidence of the recognition of an opportunity for community service by men who have learned what service means.

AT THE HIGH SCHOOL.

Few Try Regents' Examinations—Child Feeding Fund Drive Next Week.

Owing to the Regents' examinations, which have been held at the high school this week, there has not been the regular school session and those not taking the examinations have not attended during the week. There was a small number of students who tried the examinations in comparison to the previous years. About a dozen from out of the city reported at the school during the week to take the examinations in the grades. The marks received on the examinations are reported to be very satisfactory.

It is expected that the High school students will begin a drive for the Child Feeding fund the first of the week. With the amount which has already been received it is hoped that the public schools of this city will reach the \$150 mark.

The regular school session will be open on Monday next.

Visiting Minister.

The pulpit of the First Methodist church of this city will be occupied Sunday morning by Rev. Earle N. Hubbard, of Margaretville, who recently returned from the World's Sunday school convention held at Tokio, Japan.

The social of Mooseheart legion have been held Jan. 25 has been postponed to Tuesday evening, Feb. 1. 1c

Saturday Book Column

Among the new books is one that will appeal to a large following of readers:

The Mysterious Rider, by Zane Grey

Old Bill Bellhounds, rich rancher and cattle owner, had one great desire—to make his prodigal son Jack sit to marry Columbine, a founding he had rescued nineteen years before. Then the Mysterious Rider appears—old and gentle, but a terrible gun fighter. Who he was and why he made the great sacrifice forms a wonderful climax to this exciting story.

Price \$2.00

This book also in our Circulating Library.

The World Almanac and Encyclopedia for 1921 has just come in and as usual is filled with facts, useful information and valuable data and statistics—over 800 pages.

Price 50 cents.
By mail 65 cents.

We are putting in our Circulating Library all the new books as they come off the presses and we invite you to become a borrower—the fee is two cents a day—minimum charge six cents.

Here are some Library "Discards" that we are taking out of the library to make room for the new titles coming in and our price on these is

35 cents each.

Mrs. C. A. Ford, whom the death of her brother, Levant W. Seeger, brought this week to Otego county, left yesterday morning for her home in Hempstead. Her son, Clarence Ford, who accompanied her to this city, returned to New York Wednesday night.

TODAY—MATINEE AND NIGHT

Myrtle-Harver Company in "The Unkissed Bride" at Oneonta Theatre.

Have you ever heard of an unkissed bride? No. You will have a chance to see one in the screamingly funny play of the same title at the Oneonta theatre today, matinee and night, as the final offering of this excellent company.

A prominent critic said: "The Unkissed Bride" is a play that makes you laugh with a reason and therefore a play to make a fuss over. It is an adventure story in which love figures in a furious fashion—and once you have seen the play you will recall it for many a day as one of the brightest spots in the theatrical memory."

Pickard-Meyer Nuptials

Announcement is made of the marriage at the home of the groom in Fort Plain on New Year's day of Madeline C. Meyer, daughter of J. Cooper Meyer of that village to Joseph A. Pickard, Dr. H. F. Meulion of the Universalist church officiated.

Mr. and Mrs. Pickard will reside in Fort Plain, where the groom is engaged in the live stock business. The bride, who is a granddaughter of the late W. E. S. Paul of this city, formerly resided here and has many friends in the city.

Card of Thanks.

We wish to thank the Odd Fellows, Oneonta Ice Co., the Lutheran Church of the Atoneement, friends and neighbors for their kindness shown during the sickness and death of our beloved husband and father; also for the beautiful floral tributes.

Mrs. Charles McCreesh and family.

Meeting of Stockholders.

Please take notice that there will be a meeting of the stockholders of Walter L. Brown Hardware company, Inc., at its office in Oneonta, N. Y., on the 23rd day of February, 1921, at 2 p. m., to vote upon a proposition that said corporation be forthwith dissolved.

Dated, January 21, 1921.

Walter L. Brown,
Julius Turner,
Directors.

Deploable Conditions.

Many who suffered loss in the fire last Wednesday night had little or no fire insurance. Have you checked up yours? Get full coverage at once by phoning T. A. Ferguson, 254-W. Do it now.

Those who are easy to please will surely like Kilmockie coffee; and those who are critical can find no fault with it.

FIRE AND TELEPHONE SYSTEM

Big Blaze of Wednesday Night Gave "Hello Girls" Busy Season—Tribute and Suggestions by Manager Fluiter

In the case of a very large fire such as occurred in this city Wednesday night, said H. W. Fluiter, general manager of the Otego and Delaware Telephone company, yesterday, "very few people realize the tremendous overload thrown on the telephone exchange at the time. Wednesday evening, as soon as it was generally realized that a large fire was in progress, hundreds and hundreds of extra telephone calls were made so that the operators on duty at the time were utterly unable to cope with the situation. They gave the very best that was in them, working at top speed to stem the tide of ever-increasing calls, but as always at such times, it is impossible to handle the traffic in regular order, with the consequence that many calls are delayed and service is rendered. Emergency calls have to take a chance with the rest and necessarily are also greatly delayed, in fact might not be answered at all. The public generally must be made to realize that on such occasions the telephone plays a very important role and its use in case of emergency is almost incalculable. This value is entirely lost if the public congests the wires with unnecessary and unimportant calls.

Had the fire that evening occurred an hour or so later, after the all night force had come on duty, the situation would have been very serious, but as it was the evening force was on and every position fully manned. During the hour commencing at 8:50, directly after the second alarm, the incoming calls were the greatest number ever handled in the same length of time in the history of the Oneonta exchange.

With the switchboard ablaze with twinkling lights, indicating unanswered calls, and the girls working at top speed, it was a sight rarely seen by one in the business and to one uninitiated would have appeared as something unbelievable. The situation was considerably aggravated by one of the company's cables being burned off in the rear of the Schatzky store, which threw additional lights on the boards and complicated the work of the operators until the trouble could be remedied in the wire room below.

Should the fire have been larger and more threatening, in all probability the load would have been much heavier and very serious consequences might have resulted. At such a time just realize that when you life your receiver from the hook to call "central," hundreds of others are doing the very same thing, some of course wanting to know where the fire is, how it started, and innumerable questions that the operator is unable to answer, even if she had the time. If the public would only bear in mind the value of the telephone as a means of rapid communication in times of emergency and use their instrument as little as possible at that time, it might avoid considerable financial loss to the community and possibly be the means of saving a human life."

Death of Mrs. A. J. O'Neil.

Mrs. Andrew J. O'Neil, formerly of this city, died suddenly on Wednesday at her home in Brooklyn. Death was caused by uremic poisoning, and the funeral was held at Stamford, yesterday.

Mrs. O'Neil, who with her husband removed from Oneonta to Brooklyn about 20 years ago, is survived by her husband and an adopted daughter, Miss Helen O'Neil, also by a sister, Mrs. William Flynn of Weehawken, N. J., and three brothers, John, Edward and Michael Gray of Stamford. Miss Elizabeth O'Neil of this city attended the funeral.

Mrs. O'Neil is very pleasantly remembered by many friends in Oneonta.

West Oneonta.

A Halvorsen has opened a blacksmith shop, owned by Fred Cryden, in West Oneonta, and is ready to do horseshoeing, general blacksmithing and all kinds of wagon repairing and spring work.

A fire may start in your place some day. Will your papers and valuables be safe? A safe deposit box at the Wilbur National bank will keep them secure from fire and theft.

COLD WEATHER

Crisp and Snappy Winty Air Should Make Your Blood Tingle

YOU SHOULD ENJOY OUTDOORS

Pepto-Mangan Will Fill Your Blood With Vital Red Corpuscles, Able to Stand Cold Weather

Some people dread cold weather. They put on the "furs" and shiver. They feel cold. It is pretty safe to say that people like that have thin, weak blood. On the other hand, are there other people who take on a healthy glow in cold weather? Their blood shows red on their cheeks and the color of their lips is brightened. They step out bravely, brave in the cold air and it seems to act like a tonic.

That's what it means to have plenty of rich, healthy blood. The glow in the cheeks and the color on the lips is the body's way of saying "I'm strong." You square your shoulders. The sting of cold, crisp air feels pleasant. You really enjoy the cold.

Are the other kind people with bodies that are fed with weak, impoverished blood, feeling in red corpuscles, have cold air, frost bites and tips seem to turn blue and look pained. Their eyes look watery. There's no pleasure in winter for them.

So be sure your blood is healthy. Pepto-Mangan will fill your blood up to its normal state. Doctors have prescribed it for years because it has the right ingredients to make new blood. Besides, it is easy to take. Comes in tablet form. Both have the same medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for it by name. And see that the name, "Code's Pepto-Mangan" is on the package.

BENEFIT FOR FEEDING FUND.

Indoor Baseball Game at Army Friday Evening, Jan. 28th.

To aid the Child Feeding Fund, arrangements have been completed for an indoor baseball game at the state armory on Friday evening, Jan. 28. Company G team will have as its opponents Brown's All Star aggregation, composed of men with experience as baseballists and with some ability at the indoor game. The game should prove one of the most interesting events in the sporting world in the city this winter and should attract a large crowd, especially among those fond of the great national game.

The tickets which will soon be in the hands of members, will be priced at 25 cents and at this low price many will purchase tickets whether able to attend the game or not. Frank L. Otn, long familiar with the indoor game, will umpire, which is assurance that it will be a fair contest and well conducted.

The proceeds will be turned over to the Child Feeding fund and help swell the contributions of the city to this worthy charity. The players should be encouraged when they give their time to aid this fund.

Candle Light Service.

The Y. P. C. U. of Chapin Memorial church will introduce the special candle light service under the direction of the birthday committee, Sunday evening, January 23, at 7 o'clock. This service is one used by all the unions of our denomination.

Fire! Fire! Fire. No. No. No. But prices are as low as any fire sale you ever attended. Home Furnishing company.

DO YOU WANT A POSITION?

State Civil Service Commission Holds Examination in Oneonta.

There will be a State Civil Service examination in Oneonta on Saturday, February 25. It will be held at the office of George L. Gibbs, esq., and some of the positions for which examinations can be taken are as follows:

Accountants, architectural designers, draftsmen and tracings, bookkeepers, assistant foresters, examiners of titles and maps, guard in school at industry, inspector of optometry in Department of Education, laboratory apprentices and assistants, multigraph operator, organizers of co-operative association, pharmacists, sanitary engineers and examiner of accounts with the Public Service commission, second district.

There are also unwritten examinations for various positions, such as medical officers and physicians, physical instructors, general and kindergarten teachers, manual training teachers, etc., and a number of temporary positions with the Public Service commission in the first district.

Applications should be filed on or before February 16. For detailed circular and application forms, address State Civil Service commission, Albany, N. Y.

Jack Frost will get your battery. Let us test it and be sure it's O. K. Oneonta Battery and Tire company.

Call 889 before that battery freezes. We'll take care of it.
